MUZRAI BRANCH

MEMO for the further improvement of the S.L.N. Institution

1. Condition 2 of the Trust Deed;- To continue the Institution as a Free School as far as the Third Form Standard, Collecting no fees.

To discuss whether any retrenchment is necessary in the L.S.Standard of the General Education and the cost of such retrenchment may be used for the proper and efficient organisation of the Industrial Section for all the students of the Higher and Lower standards.

2. Condition 3 of the Trust Deed:- To continue the Industrial Education along with the literary Education.

To discuss and determine the Ways and Means to carry out the above object.

3. Para 11 of the Scheme approved by Government for the future management of the S.L.N.Charities.

Recently the Managing Committee of the S.L.N Charities has recommended certain Rules regarding the administration of the Institution, for the approval of the Government. Orders may kindly be passed to give effect to the said Rules. Further, to frame Rules for the proper conduct and procedure of the Hostel and Industrial Section Etc., of the Institution.

4. Para 3 (b) of the Scheme approved by Government for the future management of the S.L.N.Charites.

Orders may be passed to sub it a Statement relating to the Trust Properties every year along with the Annual Report for review of Government.

5. Para 111 c of the Scheme approved by Government

Orders may be passed to sub it a report

for the improvement of the resources of the Institution viz. by further extending the existing buildings and putting up new ones.

6. Para 111 (e) of the scheme approved by Government

Orders may be passed to appoint one of the - Committee Members to do the duty of the Secretary to help the President in his executive capacity, on a suitable - honorariam.

7. Para V of the Scheme approved by Government General

Orders may be passed to give effect to the said condition.

8. Last Additional Para of the Trust Deed;- That the Trustees also have power to convert the Existing Lower Secondary School into a High School.

The High School has been strarted about 4 years ago; but the Industrical Education has not been provided for High School boys. This is against the condition No.111 of the Trust Deed.

Muzrai Commissioner in Mysore.

To

GENERAL SECRETARY
26 AUG. 1937

The Hon'ble Mr. Venkatesa Iyengar, Esq., B.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
.....General..... .....*Department.*

SIR,

Re. the Memo of Points for the improvement of the S.L.N. Charities, Bangalore, furnished by Mr. M. Venkataswamy Naidu.

With reference to your letter No.940/Muz.101-36-3 dated 9/11th January 1937 calling for a report on the above, I have the honor to forward herewith a copy of letter No.910 dated 29/30th March 1937 received from the Chairman of the Charities, furnishing a detailed report on the several points urged by Mr. Venkataswami Naidu in his Mem and to state that the Deputy Commissioner, whose opinion was called for in the matter, has generally agreed with the Chairman in the view expressed by him. I also, generally, agree with the Deputy Commissioner. In this connection, I may bring to the notice of Government, the improper attitude adopted by Mr. Venkataswami Naidu, one of the membe of the Committee, in approaching higher authorities behind the Committ with representations implying that the Committee has been remiss in its duties. He seems to have a bee in his bonnet. He carries no influence or weight in the Committee. His financial and social positi is precarious. He has been removed from the management of a Trust, t the late Mr. J. B. Kempanna Setty's Charities, Bangalore, on grounds of mismanagement, under the orders of the Additional District Court, Bangal dated 8th January 1934, in O.S.No.34/28-29. The management of the Charities is apparently going on smoothly and it is not desirable to take note of individual representations from Mr. Naidu. It is up to

him to convince the Committee on the various items of improvement proposed by him and if he cannot do so, that only reflects on the unsoundness of his suggestions. I consider that in the interest of the institution, it is desirable to check such unfair propaganda.

2. The Chairman has, in para 1 of his letter referred to above, suggested that the Muzrai Commissioner may deal directly with the Chairman of the Committee, instead of allowing the local Muzrai Officers to interfere with the management, as such a course would, in addition to expediting disposal of matters, will also be in accord with the position he holds. There will be a change in the Chairmanship in the ensuing reconstitution of the Committee, and it is desirable that the District Muzrai Officer should have some control over the institution. I, therefore, beg to suggest that, instead of the Muzrai Commissioner, the Deputy Commissioner may be allowed to deal direct with the Chairman, the Muzrai Officers below the rank of District Muzrai Officers not being allowed to interfere in the management of the Charities.

3. The enclosure to your letter is returned.

I have the honor to be,

Sir,

Your most obedient servant,

M. N. Arasalwar
25.8.37.

For Muzrai Commissioner.
(Absent from Station)

Letter No.910 dated 30-3-37 from the Chairman, Committee of Management, S.L.N. Charities, Bangalore, to the Muzrai Commissioner in Mysore.

Kindly refer to your Memo C.1231/34-35 dated 17/18-2-1937 to the Deputy Commissioner, Bangalore District, which has been forwarded to me through the Sub Division Officer. As you were the Deputy Commissioner of the Bangalore District at the time the scheme was prepared, you may recollect that the arrangement was that the Muzrai Commissioner would deal directly with the Chairman of the Committee of Management, and the intervention of the subordinate Revenue Officers will not be necessary. In certain recent communications, I find that this procedure has not been observed. I hope you will kindly see your way to follow the above procedure, as it will not only tend to a more prompt settlement of matters, but also will be more in accord with the position I hold.

As regards the particular representations of Mr. M. Venkataswamy Naidu, the papers sent to me do not reveal the circumstances under which he has approached you. It seems to me somewhat extraordinary for a member of the Committee to go behind that Committee and submit a memo that may be taken to imply that the Committee has been remiss in its duties. If you kindly read the Memo carefully, you will find that it does not contain any concrete suggestions (except, the appoint ment of a Secretary) on which any action can be taken. The main suggestions of Mr. Venkataswamy Naidu in the Memo are

1. That the expenditure on the Primary and Middle Schools should be reduced.

2. That the Industrial Section should be raised to the High School standard.

3. That the Rules for the Management of the Institution and the Hostel and Industrial Sections should be passed early, and

4. That the income be raised by constructing additional buildings with the aid of a loan.

As regards item 3, the matter is disposed of by your communication C.1231/34-35 dated 16/17-3-37 and any difficulties Mr. Venkataswami Naidu may have had in mind in making the representation will be greatly obviated by adherence to the rules.

As regards curtailment of expenditure on the Middle and Primary Classe I cannot understand what the proposal really is. The present scale of expenditure on these institutions has more or less remained unaltered for the last ten years. The scale of salaries is lower than in similar Government institutions. There can, therefore, be no question of reduction of expend ture.

The Primary Classes are entitled to a grant from the Municipality, but having regard to the fact that the Founder of the institution started these classes without a grant, it has been impossible to persuade the Municipality to sanction a grant, in spite of our repeated requests.

The proposal for the sanction of a grant to the Middle and High School Classes is pending with the Education Department. But the Educational authorities have, as I personally told you, not taken up the question earnestly, due to the impression that the institution has adequate resources. A proposal has also been made to the Educational authorities that the Charities would be prepared to open additional Middle School Classes, if the additional cost is guaranteed by the department, as the department will thereby be enabled to save considerable expenditure. It would have been possible to add to the income of the Middle School, if, as had been arranged the institution had opened additional classes levying fees, which the public wanted; But, even when the parents were willing, the main obstacle to this scheme was Mr. Venkataswamy Naidu himself who thought it, interfered with the ideal of free education by the Trust.

As regards the raising of the Industrial Classes to the High School standard, you are aware how much this problem bristles with difficulties. In no part of India, have they, as yet, devised a satisfactory scheme for higher vocational education. Even, the department in Mysore has not been able to make a beginning in giving effect to the scheme. We have offered to co-operate with the Department of Education, to introduce into the School, a suitable scheme after it is sanctioned by the Government. Here again, it is purely a question of cost.

I have explained to you, personally, when you visited the institution, that the existing resources are hardly adequate to meet the departments already maintained and there is no scope for further expansion, unless we got a grant from Government. You will, therefore, see the uselessness of merely preparing schemes as suggested by Mr. Venkataswami Naidu, when the resouces of the institution cannot meet any extra expenditure.

As regards Mr. Venkataswami Naidu's suggestion that the income of the institution should be increased by the construction of new buildings by raising a loan etc., this by no means any new idea of Mr. Venkataswami Naidu. The Committee have already considered the matter and I, for one, having regard to the very inadequate returns on the buildings, at present, am not prepared to embark on any such programmes with the aid of a loan. Whatever surplus the

institution can spare, is spent on erection of buildings and in this way, the income of the institution has been added to by at least Rs 4 to Rs 5,000 a year during the last 5 years, and I consider this to be the only safe and sound policy.

The only other matter contained in the Memo relates to the appointment of a Secretary. I had given this office to Mr. Venkataswamy Naidu from September 1924. I had to compel him to resign as I found that the assignment of such duties to him was not in the interests of the institution. It is not clear what work the Secretary has to do. Everything in the institution has been standardised, and the work is more or less of a routine character. As regards important questions, the Committee meets, at least, once a month, and they are quite capable of dealing with the same.

For supervision of various departments of work, such as, Hostel, grant of scholarships, ceremonial functions etc., there are special Sub Committees. There is also a highly paid Manager to attend to collection and office work. As you are aware, it is not usual to appoint any member of a Committee as a Secretary. And the appointment of a person unconnected with the Committee, leads very often to very undesirable situations. Mr. Venkataswamy Naidu has never reconciled himself to the loss of his position as Secretary, and has invariably returned to the charge, and the undue interest he now professe to display in the institution is, in my opinion, not entirely unselfish.

Mr. Venkataswamy Naidu has every opportunity to place his views before the Committee. I have assigned him a definite part of the work in the institution. As a member of the Hostel Committee, he has had serious differences of opinion with Mr. M. Ramachandra Rao Sindia, the Chairman of the Committee, and does not seem inclined to work in co-operation with others and allow matters to go on smoothly. In these circumstances, I wish to suggest that he may be kindly informed that he place before the Committee, detailed schemes embodying his suggestions for their consideration, and submit any representations that he may have to make through me.
